ENTREPRENEURIAL DEVELOPMENT CELL

ED Cell and IQAC of the Government arts and Science e College for Women, Barugur in association with the PU-IEDP HUB, Department of Commerce and the Department of Chemistry conducted one day seminar on 'Agricultural Entrepreneurship' on 10th March, 2021 in Bharathi Arangam. Agripreneurship or Agricultural Entrepreneurship is an emerging concept and the need of the hour. Albeit, agriculture is considered as the backbone of the country the fascination for the profession is waning. This is because of the financial risk involved in the profession. In order to create an urge in the young minds and emphasise the significance of the agriculture, emerging organic entrepreneur/ Organic farmer Mr. P.Sivakumar from Namakkal was invited as a resource person. Principal in charge and the IQAC Coordinator Dr.S. Gayathridevi introduced the speaker and welcomed the gathering. The resource person explained the concept and the need for organic farming. He explained the techniques of fetching high returns at low input costs. He gave various tips for using natural pesticides for increasing the output and income. About 250 students of various disciplines attended the seminar. Participants asked various questions and discussed their problems in horticulture with the resource person. Seminar was concluded with vote of thanks by Dr.M.Raguraman, Coordinator of ED cell.
