

"Empowering Women: Our Commitment to Gender Equity"

Join us in celebrating our institution's unwavering dedication to fostering gender equity and empowering women. Through a range of impactful initiatives and practices, we've set the stage for a more inclusive environment where women can thrive and achieve their full potential.

Access to Education: At the heart of our mission is the belief that every woman deserves equal access to education. Situated in Krishnagiri District's rural outskirts, we've been providing quality education since 1993, breaking down barriers and offering opportunities for girls to excel. Through affordable education and government scholarships, we're opening doors that were once closed, empowering women to reach new heights.

First-Generation Graduates: Our focus on first-generation graduates has been instrumental in challenging traditional gender roles and stereotypes. Nearly 80% of our graduates are first-generation, and higher education has equipped them with the tools to pursue their dreams and break intergenerational cycles of poverty and inequality.

Economic Empowerment: We understand that true empowerment goes hand in hand with financial independence. That's why our Training and Placement Cell and Entrepreneurship Development Cell provide women with the skills and knowledge they need to thrive in the workforce. By enhancing their employability and entrepreneurship opportunities, we're reducing dependency and driving economic growth.

Boosting Self-Confidence: Confidence is key to success, which is why we prioritize training in communication skills and ensure the safety of our students with 24/7 CCTV surveillance. Our commitment to elevating women in every aspect of their lives is evident in our comprehensive approach to education, training, and community-based services.

Ending Gender-Based Violence: Gender-based violence is a pervasive issue, but through education and awareness, we're working to prevent and address it. Our events and seminars raise awareness about physical violence against women and children, empowering women to recognize their rights and build respectful relationships.

Women's Day Celebration: Each year, we commemorate Women's Day with various events and activities that highlight women's achievements and raise awareness about gender issues. Through discussions and presentations, we instil values of gender equality and sensitivity, fostering a culture of inclusivity and respect.

Psychological Support: Our psychologists and psychiatrists conduct diverse counselling sessions to empower women and address mental health challenges. By providing targeted support and guidance, we're committed to fostering the holistic development of our female student community.

Skill Development Programs: Our skill development programs equip women with essential skills such as computer literacy, soft skills, and entrepreneurship, ensuring they're prepared for success in the workforce. Additionally, our support systems, including counselling services and mentorship programs, create a supportive environment for women to thrive academically and professionally.

Diversity and Inclusivity: We're proud to offer courses and programs that highlight gender issues and women's studies, encouraging critical thinking and dialogue. Our cultural events and workshops celebrate diversity and promote understanding among students from different backgrounds.

Progress and Success: Our efforts have led to an increase in the enrolment and retention of female students, reflecting our inclusive environment and supportive community. Moreover, female students

have shown improvement in academic performance and participation in extracurricular activities, demonstrating their enhanced confidence and empowerment.

Moving Forward: Despite the challenges we face, we remain committed to advancing gender equity and women empowerment. By implementing innovative strategies and initiatives, we'll continue to promote gender equality and create a more inclusive and equitable world for all.

Join us in our journey to empower women and build a brighter future for generations to come. Together, we can make a difference and create a world where every woman has the opportunity to thrive.
